

# Program

## Thursday 14

11:00 Accreditation desk/ poster set-up open.

**12:00: Opening session**  
**Chair: Jesús Requena (University of Santiago)**

12:00 Welcome: Jesús Requena (University of Santiago de Compostela)  
12:10 Opening lecture: Thinking outside the box. **José Tubio** (University of Santiago de Compostela). Title TBA (transmissible cancers).

**13:15: Lunch**

**14:45: Animal prion diseases**  
**Chairs:**

14:45 Oral communication A1  
15:05 Oral communication A2.  
15:25 Oral communication A3  
15:45 Oral communication A4  
16:05 Poster teaser session I (Animal prion disease; 3 minutes per participant, no Q&A)

**16:35: Coffee break**

17:05 Oral communication A5  
17:25 Invited conference: Romolo Nonno (Istituto Superiore di Sanità). Title TBA.

**18:25: End of scientific sessions of the day**

**19:00: Teambuilding activity**

## Friday 15

**9:00: Structure and basic biology of prions**  
Chairs:

9:00 Invited conference: Human Rezaei (INRA, Université Paris-Saclay). Title TBA  
10:00 Oral communication S1  
10:20 Oral communication S2  
10:40 Oral communication S3

**11:00: Coffee break**

11:30: Poster teaser session II (Structure & basic biology & Human prion disease)

**12:00: Poster session**

**13:00: Lunch**

**14:30: Human prion and prion-like disease**  
Chairs:

14:30 Invited conference: Inga Zerr (University of Goettingen): Title TBA.  
15:30 Oral communication H1  
15:50 Oral communication H2  
16:10 Oral communication H3

**16:30 Coffee break**

**17:00: Closure session: emerging concepts**  
Chairs:

17:00 Invited conference: Holger Wille (University of Alberta). Title: TBA  
17:40 Invited conference: Pietro Faccioli (University of Trento): *Can computer simulations help understand prion propagation?*  
18:20 Poster prize award  
18:25 Presentation: 10<sup>th</sup> Iberian Prion Conference, Jaca  
18:35 Concluding remarks: Jesús Requena

**20:30: Gala dinner**
